DETAILED ACTION

Applicant's response and Terminal Disclaimer filed 12/03/2003 have been received and entered.

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn, but they are moot in view of the new ground(s) of rejection as follow:

Terminal Disclaimer

1. The terminal disclaimer filed on 12/03/2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of co-pending Application 09/299,522 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 31-32,34-40 and 42-46 rejected under 35 U.S.C. 102(b) as being anticipated by Toyoda, US Patent No. 4,635,128.

The above claims are anticipated by Toyoda's figures 10-11 and accompanying text which disclose a liquid crystal display (LCD) device (100) comprising:

- . a transmissive LCD panel (121);
- . a reflective surface (132);
- . a transmissive ambient light diffuser (light conducting member 126 with uneven surface for light-scattering);
- . a pivotal (43) as claimed.

Allowable Subject Matter

4. Claims 28 and 30 are allowed.

Remarks: According to the phone interview dated 12/30/2002, claim 35 depends on claim 31 and claim 43 depends on claim 39.
